ANOTHER TROOP OF BOY SCOUTS BEING ORGANIZED AT NILES

Impossible to Accommodate More Members In Troop No. 1

A new troop of Boy Scouts to be known as Niles troop No. 2, is now in the process of organization in Niles, it was revealed this week. The new troop will be under the leadership of J. E. Townsend as scoutmaster, Lloyd A. Weaver as assistant scoutmaster, and Eagle Scout Jack Townsend as junior assistant scoutmaster.

The troop committee sponsoring this troop is composed of the following prominent Niles men: Reverend E. G. Brinkmeyer, Ray Peterson, E. G. Weed, George B. Rose, and George Bonds.

A troop committee meeting to be held at the home of J. E. Townsend is scheduled for tonight (Thursday night), at which a chairman, secretary, and treasurer will be elected and final arrangements made to obtain the troop charter early in February.

Because there are numerous boys in Niles who desire to become boy scouts and cannot be handled in troop No. 1 makes it necessary for the organization of the second troop, according to Townsend. Troop No. 1 already has a large membership roll consisting of twenty-six registered scouts, which is all that can be adequately taken care of in one troop, if the most is to be gotten out of the scouting program.

The successful activities of troop No. 1 during the past two years is largely responsible for

WATER COMPANY AT NILES TO EXPEND \$5000 WITH LABOR

Laying of New Mains To Provide Work For Unemployed

With the coming of more favorable weather, the Public Utilities California Corporation plans to expend \$5,000 on water system improvement work in Niles and Decoto, it was announced last week by E. F. Glassbrook, manager of the water company at Niles.

Laying of new water mains will comprise most of the planned improvements, which is expected to provide employment for those out of work in Washington township. In keeping with this policy, the labor will be done by hand as much as possible.

Although it is not definite, work is expected to begin some time in March, weather conditions permitting.

TAKEN TO HOSPITAL

DR. ENOS CLEARED OF GIRL CHARGES IN OAKLAND COURT

Will Face Court On Second Indictment In February

After five hours deliberation by the jury, Dr. M. M. Enos, wealthy Oakland physician, was found not guilty of improper conduct toward young girls in the court of Superior Judge John J. Allen, in Oakland, Friday.

Dr. Enos had been tried twice before, the trials both ending in disagreement, and dismissal of the juries. Enos was indicted last September on two counts charging improper conduct toward the girls. The offenses were alleged to have been committed at the physician's summer home near Warm Springs last summer.

Eight girls testified at the last trial, which began two weeks ago. Although Dr. Enos was freed in this trial, he is not yet clear of the charges, the district attorney's office announcing that trial on a second indictment concerning a different group of girls will get under way in February.

Leo Sullivan and Myron Harris, Oakland attorneys, represented the defendant.

Car Wrecked Near California Nursery

The car of R. Hirst was wrecked Sunday night where the Alvarado road comes onto the main highway near the California Nursery, when Hirst smashed broadsides into another car traveling along the highway.

No one was injured, although both cars were damaged.

Mr. and Mrs. Rex Broyles spent Monday in Oakland.

NILES BOY SCOUTS SHOW PROGRESS DURING PAST YEAR

Much Interest Manifested In Scout Work Under Able Leaders

The year 1931 proved to be a record year for advancement in Niles Boy Scout Troop No. 1, under the leadership of Marshall Green as scoutmaster.

Four scouts advanced to second class distinction, seven received first class badges, eight advanced to star rank, one was awarded the life scout emblem, and two received the highest award in scouting, that of the Eagle Scout rank. These two were Lawrence Pine and Marshall Green.

A total of ninety-three merit badge awards were earned during 1931, Lawrence Pine leading the field with a total of fifteen, while others earned from two to ten each. This brings the total merit badges held by the troop up to 310 or an average of ten merit badges per individual member.

The troop began the year 1931 with an enrollment of 26 registered scouts, dropped four members, then added four, thus finishing the year with twenty-six. The low percentage of scouts dropped speaks well for the management of the troop, revealing that the interest and enthusiasm in scout work is being kept up by the troop leaders.

ATTEND SNOW FROLIC

FACTS ON BOOKLET ARE PRESENTED TO NILES CIVIC GROUP

Man Has Been Obtained To Number Niles Houses

Discussion of the recent booklet issued and distributed under the title of "Industrial Facts About Niles and Alameda County" occupied almost the entire business session of the Niles Chamber of Commerce Tuesday.

Harvey Braun, who represented the Niles civic body at the meetings held in Oakland when plans for the booklet were formulated, was present and gave his version of why Niles and this end of the county had been so sadly neglected from mention in the publication. Of the \$6000 appropriated for the booklet, the Oakland, Berkeley, and Alameda district are assessed \$5,500 of the total, according to Braun, therefore this section is not entitled to a great deal of space. Although Braun admitted there could have been many improvements made in the booklet, he pointed out that Niles could hardly expect more mention when the fact that approximately only \$28 was the assessment for Niles.

After Braun's explanation, E. A. Ellsworth, who at the meeting of the chamber last week moved that the booklets which already had not been distributed should be sent back to the board of supervisors, withdrew his motion and the matter was dropped. He was under the impression that a large number of the booklets with the title "about Niles" had been printed, whereas fortunately under the circumstances the number was negligible.

Delay in the numbering of Niles houses has been due to the fact that the man employed to perform that task is finishing up a carpentering project, after which he will begin on the house numbering, was announced by J. A. Silva, chairman of the house numbering committee.

A communication was read from the Niles Parent-Teachers Association stating their willingness to sponsor the dinner at the Niles grammar school February 23 for the Niles Chamber of Commerce and others who wish to attend, the occasion being the observance of the two hundredth anniversary of George Washington's birth. The dinner will be followed by a program presented by the grammar school pupils, and will be featured by a ten-minute talk by David E. Martin, county school superintendent.

A communication also was read from the California State Industries League inviting members of the Niles chamber to attend an exhibit of industrial and agricultural products at an Oakland hotel Saturday.

VICTORY GROCERY IMPROVES WITH NEW OWNER

With several new improvements completed and others planned for the future, the Victory Grocery at Niles now presents an attractive appearance, which is expected to result in success for Victor Cattaneo, the owner.

The Victory Grocery was formerly the Martenelli grocery, and was purchased by Cattaneo in December. The new owner has made intensive efforts to make his store as modern and pleasing as possible. Cattaneo was formerly a resident of Centerville, and is well known in Niles and throughout the township, having lived in this territory for the last twenty-five years.

HARMON LEAVES AS NILES SAFEWAY MANAGER

Rewarding his approximately two years of industrious and successful management of the Safeway store at Niles, D. D. Harmon last week was transferred to Red Bluff, California, to take charge of the Safeway store at that place. Harmon left Sunday to assume his new position.

During his stay in Niles, Harmon, through his genial and likeable personality, made many friends who are sorry to see him leave. However, they are glad at his promotion and wish him every success in the new field.

J. Nobriga assumed charge of the Niles Safeway store Monday morning. He has been in charge of a Safeway market in Oakland, and formerly was employed at the Niles store with Harmon.

Lowell Scott, of Niles, will continue to be employed in the Niles Safeway store.

DINNER GUESTS

Mr. and Mrs. F. V. Jones entertained a number of their friends at a dinner party Sunday evening. Those present were Mr. and Mrs. A. J. Rathbone, of Irvington; Mr. and Mrs. Metcalf, of Centerville; Mr. and Mrs. Lester Duffey, and Mr. and Mrs. J. E. Townsend, of Niles.

SPEAKER ADVISES GO SLOW POLICY AT NEWSPAPER MEET

Norman H. Parks Returns From Convention In San Bernardino

Urging a policy of caution in regard to newspaper promotion, Colonel Samuel G. McClure, president of the Southern California Newspaper Publishers Association, delivered the outstanding address at the California Newspaper Publishers' Association held January 15, 16 and 17 in San Bernardino, according to Norman H. Parks, who returned Sunday night from attending the gathering.

Colonel McClure spoke on "The Deflation and Its Bearing on the Future of Newspapers." Although he presented a somewhat pessimistic outlook for newspapers during the next year or so, the speaker expressed the opinion that the business of papers would slowly gain as the deflation neared an end, and assure normal steady returns. He warned his listeners, however, against entertaining any hopes of advertising income reaching the peak which it held during those prosperous years after the World War and before 1929.

Another highlight of the convention, according to the Township Register editor, was the presentation of the cup for the best front page makeup of a country weekly in California. The award went to the Reseda News, a weekly, while a cup was presented to the Riverside Press for having the best editorial page of any daily paper in California.

John Stephen McGroarty, of the Los Angeles Times, presented the awards.

Friend W. Richardson, of the Alameda Times-Star, also delivered.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

THE WHITE MAN HUMBLER

THE WORLD WAR with its devastation of human life and destruction of billions of dollars worth of wealth, thereby creating a train of bitterness and animosity between the white races of Europe and America, may have been, as many deep thinkers foresaw during the actual conflict of arms, the end of the domination of the world by the Caucasian race.

The white world is appalled at the bluntness of the Japanese in Manchuria and China. America and Europe are dumfounded at the methodical Japanese program for acquiring a territory as vast as all the states lying east of the Mississippi. Nations which a dozen years ago had but to frown and yellow men trembled, now find their protests ignored in the Orient, and the vaunted open door of China slammed shut in their faces. The great nations of pre-war days stand paralyzed in their tracks while the Japanese overrun a very wealthy trading area that has been of particular economic benefit to the late allied countries. In the future, the Japanese overlords will sit at the banquet table in Manchuria, and possibly Mongolia, while the American and British merchants may well be content to pick up the crumbs that the yellow men drop as they gouge themselves with the privileges that come to the conquerors.

It is a fine state of affairs. While the proud white man quarrels with his neighbor over war debts, and economic chaos stalks like a ghost down the business lanes of Europe and America, the Asiatic finds it opportune to pursue his campaign of aggression and when reminded of treaty rights and all that fine talk about justice to a weaker race, he thrusts his troops a little further into the invaded area and tells America and Europe to shut up. And that is what America and Europe are doing because there is nothing else to do while we are busy feeding millions out of work, the result of the world war. Our economic stagnation is the direct result of wasting the created wealth of generations in one grand splurge of war. All other explanations are ridiculous. Man can not waste billions and pay no penalty. Economists versed only in banking, and not in history, lulled people throughout the world into believing that the cost of war would be passed on to future generations through the sale of Liberty bonds and other securities of the allied nations. The debt would be paid gradually, and we of today would go on as before escaping the punishment of wholesale murder and destruction of property. But the inexorable law of physics still obtains: you cannot destroy a thing and still have it. Billions of our wealth has been dissipated, and issuing a bond, writing treaties and shouting so that the very rafters above the senate gallery rattle will not bring back the billions. Mars exacts his tribute, and the ranting of mortal man is like Ajax defying the lightning.

SO THIS IS IMPATIENCE!

IT IS JANUARY, 1932. During the summer of 1928, The Register began agitation for the opening of the road through the nursery. Two years before that, the senior Roeding offered right-of-way free. Authorities dallied with the issue, and the opportunity slipped by.

Some say The Register is impatient. We should give our supervisor sufficient time to complete this monster project. Great things move slowly. Time is necessary to iron out difficulties.

Maybe so. Maybe we are impatient. Maybe we will be dead before the road is finally opened. It looks that way. But we have a child to carry on the work—The Register. We will make our will like the late Harrison Gray Otis of the Los Angeles Times—with a string to it. His son-in-law was directed, and the will made it mandatory, to carry the fight on organized labor to the bitter end.

So it will be with The Register. The paper will be dedicated to getting that road through the nursery, if it costs the political lives of a dozen supervisors, and the exorcution of this paper.

**Meeting Scheduled For
January 25 In
Oakland**

The Sixteenth District, California Congress of Parents and Teachers will be honored at its next meeting, Monday, January 25, by the presence of the State President, Mrs. W. A. Price. The meeting will be held at 10 a. m. in the Women's City Club, Oakland.

Routine business will occupy part of the morning hours, following which Mrs. E. T. Ehleben, state chairman of Summer Round-up, will speak. Her topic will be on the new developments in child health examinations. Mrs. Price will speak in the afternoon. The controversy between state and national will be discussed, also the plans for a White House conference in California in the fall. Mrs. Price will also give a bird's eye view of Parent-Teacher work in the next four months.

Mrs. H. Ward Campbell, President of the Sixteenth District, will preside.

Several delegates from the Niles Parent-Teachers Association expect to attend the meeting.

Announcement is made by Mrs. V. K. Morrison, sixteenth district publicity chairman, that a publicity conference will be held in room 308 of the School Administration building, Oakland, on Thursday, January 21, at 10 a. m. Mrs. Joseph E. Morcombe, state publicity chairman, will give instructions in the making and indexing of the publicity record books which must be finished by the third week in March.

**FORMER EMPLOYEE
OF N. H. PARKS
IN RUSSIA**

Miss Hazel Moris, who about five years ago was employed by Norman H. Parks on one of his southern California newspapers, has recently gone to Russia to cover the Soviet situation for a nationally known Jewish publication, was the information obtained by the Register publisher on his trip south last week.

Miss Morris began work for Mr. Parks upon finishing high school at Oxnard, showing from the start marked literary ability. She expressed from the beginning an ambition to write stories, and not a few manuscripts were sent to publishers during her first year of newspaper work, but, as a natural experience with beginners, all of them came back, but she wasn't discouraged and kept on. That was the beginning of what, apparently, may prove a very brilliant career.

These homes formerly used gas for cooking and water heating and solid fuel for house heating. Then Natural Gas came. It was used for house heating and down went the total cost of fuel.

Many persons, discovering the cheapness of Natural Gas, heat their homes to a greater extent. In such cases, present fuel bills are about the same as when home-owners used gas for cooking and water heating and solid fuels for house heating.

But no matter how you look at the facts, Natural Gas is the cheapest fuel, to say nothing of its cleanliness and convenience.

DEATH SUMMONS OLD TOWNSHIP PIONEER AT CENTERVILLE HOME

SCHOOL TRUSTEES STATE STAND ON SWIMMING POOL

Proposed Project Must Be Built Without Tax Money

Prospects of a swimming pool for Washington township to be located on the Washington Union high school grounds at Centerville assumed bright proportions after the Centerville Lions Club committee held their meeting with the high school board of trustees last Tuesday night, January 12.

After the project had been thoroughly discussed the board agreed on the following points: 1—They will accept the administration of the pool if built and turned over to them without cost to the taxpayers.

2—That the pool must be maintained without using tax money. 3—That the rules and regulations of the pool be entirely in the hands of the Board.

4—Final decision in the matter to rest on insurance or any legal reason why the Board could not receive such a gift or assure its administration.

It is clearly understood by all those working for the pool that the expense of construction and maintenance will come entirely from gift or through the sale of script books, which would entitle the holder to a certain number of swims in the pool. Once the pool is constructed a small fee could be charged to those wishing to swim and who did not possess script books.

Further action on the swimming pool question was taken by the Centerville Lions Club at their meeting held last night. It is expected a definite campaign will be mapped out and inaugurated in the near future for the construction of the pool.

Robert E. Smith Taken Suddenly by Heart Ailment

Another gap was cut in the ranks of Washington township's fast diminishing pioneers last Wednesday when death took Robert E. Smith at his Centerville home, at the age of eighty-nine years.

Death struck suddenly in the form of a heart attack, the victim apparently being hale and hearty up to the time of the stroke.

The deceased was one of the oldest settlers in Washington township, coming to Alvarado sixty-five years ago from St. John's, New Brunswick, where he was born. He had made his residence in Centerville for fifty-two years up until the time of his death, and was well-known in that community and throughout the township.

Smith leaves two daughters to mourn his death and several grand children. The daughters are Mrs. J. J. Wirtz, of Portland, Oregon, and Mrs. J. D. Norris, of Centerville. He was the grandfather of Judge Allen G. Norris, Walter and Marcella Norris, all of Centerville, Joseph R. Norris, of San Jose, and Mrs. Dorothy Falk, of San Francisco. There are also several grand children in the east.

Funeral services were held Friday from Centerville, with interment in the Irvington cemetery.

WASHINGTON HIGH FIVES NOSE OUT TWO WINS OVER PLEASANTON

A Quintet Takes 28 to 27 Tilt; "B" Team Victors 11-9

After getting off to a bad start in their first two contests of league competition, Washington Union high school basketball displayed a superior brand of ball Tuesday night to take two league encounters from Pleasanton high school at the Washington high gym.

Coach Regli's 'A' five nosed out a 28 to 27 victory, while the Cornhuskers' B quintet downed the Amadorites 11 to 8. It was the first league win for both teams.

With the outcome in doubt until the final whistle, the A contest kept the spectators on edge throughout, and it was not until the last minute was up that they were able to breathe easily.

At the outset it appeared as if the game would be an easy win for Washington when the Cornhuskers piled up a 11 to 1 lead in the opening moments. But Pleasanton soon began to locate the hoop and narrowed the gap in the score, until at half time the count stood 14 to 9 for Washington.

The second period opened with Pleasanton battling furiously to take the lead, while Coach Regli's men fought hard to hold their advantage. In the closing minutes Amador staged a scoring spree which brought them within striking distance of annexing the contest, but the Cornhuskers were out for a triumph and clung relentlessly to their slender lead which had narrowed down to the margin of one point as the game ended.

Glen Trout again played outstanding ball for the Cornhuskers, hitting the bucket for a total of eleven counters to take high point honors. Fudena collected eight pointers of his team's total.

For Pleasanton, Clark led his teammates with a total of nine,

followed by Silva with eight.

Washington's lineup and scoring was as follows: Trout (11), Fudena (8), Rathbone, forwards; Rodrigues (4), center; J. Coley, and Salvadorini (5), guards.

The B struggle also was close and fast throughout, and was featured by close checking on the part of both quintets. Washington led all through the game, although Pleasanton was a constant threat. H. Sekigahama displayed the best ball for the Cornhuskers.

Washington lineup and scoring: H. Sekigahama (3), Foehr (1), Laybourne (2), Masuda, Koga (1), Tomimatsu, H. Nakagawara, Hirabayashi (2), E. Phippen, and Reina (2).

LOSE TO HAYWARD

Hayward A and B hoopers turned back the Cornhuskers last Thursday night in two games played at Hayward. The A quintet were downed 36 to 15, while the B five dropped a 19 to 17 decision.

The Farmers outclassed the Washington A cagers, and were never threatened seriously at any stage of the game. Trout led the Cornhuskers' attack with seven tallies, while Swearingin was the big gun in the Farmers' victory, gathering a total of twelve.

In the B encounter Washington gave the Farmers a scare before the conclusion of the game, which ended in a whirlwind finish. The Cornhuskers led during the early stages of the contest, but Hayward penetrated their defense as the game grew older and knotted the count by half time, which ended nine up.

In the second half, the Farmers took the lead and held their slender advantage to the end, with Washington fighting hard to overcome their disadvantage.

H. Sekigahama was the shining light for the Cornhuskers, scoring nine points and turning a nice floor game. Dake for the Farmers was outstanding.

FORMER PLEASANTON DRUGGIST DIES AT WATSONVILLE HOME

Funeral Services for Otto F. Dietz Conducted January 9 In That City.

Word was received in Pleasanton two weeks ago of the death of Otto F. Dietz, of Watsonville, a former druggist of Pleasanton.

Dietz once conducted a drug store in Pleasanton, and from there moved to Manteca. He had been in poor health for the past few months and passed away last Thursday at his home in Watsonville.

His funeral services were conducted last Saturday afternoon. He leaves to mourn his passing a widow, Mrs. Harriett Dietz, and a son and daughter.

REAL ENTERTAINMENT PROMISED IN "VODVIL" AT WASHINGTON HIGH

Show Scheduled for Evenings of January 28 and 29

"And now, ladies and gentlemen, I am about to pull from this hat a real, live rabbit." And a rabbit will then be produced from a tall silk hat by the magician who is to perform at the Washingtonian Vodvil, the first vaudeville show ever to be put on at Washington Union high school.

A Portuguese act, a Japanese act, a Spanish number, jazz crooners, classical piano and violin selections, tap dancing—all this and then many other kinds of high class entertainment are to fill two and one-half hours of red-hot vaudeville on the evenings of Thursday and Friday, January 28 and 29, in the auditorium of the high school.

The show is being put on to raise funds for the publishing of The Washingtonian, Senior class year-book. The business staff of the annual have the business details of the show in charge, but the whole school has united to make the production the most successful in the history of the school.

In order to assure the financial success of the Vodvil, a mammoth ticket sale contest is under way among the students. Prizes are offered, in the form of school pennants and pillow covers to the students making the highest amount of sales. A prize of a fountain pen and pencil set is offered to the student, not a senior, bringing in the biggest sales.

Ted Logan, business manager of the book, appeals to the people of Washington township to support the annual.

"The students of Washington High have united in a great effort to raise money for the souvenir year book—something that each student prizes greatly in the years to come," said Logan, "for in it are pictures of all his high school friends and acquaintances. But the students have not forgotten the public. We have created a show that will give the residents of this community a real treat for their money. We feel that it is their duty to show appreciation of the efforts of the high school children and come to this interesting affair."

Miss Aubrey Nicely, school dramatics coach, who has had much success with recent productions, has been organizing the Vodvil, and is in general charge of the coaching. However, many of the teachers are assisting. Principal A. J. Rathbone not only is coaching a minstrel show act, but is to appear in it.

One of the big features of the show is the fact that native costumes will be used by the pupils in the Japanese, Portuguese, and Spanish acts. The folk songs and dances of Portugal and Spain will be presented.

Stress Good Brakes To Reduce Automobile Accidents

To keep the calendar for 1932 free from the black border of automobile accidents, which during the past year are estimated to have claimed over 2000 lives and injured over 40,000 men, women and children in California alone, the Safety Conference of the California State Chamber of Commerce is dedicating its activity to an intensive twelve-months campaign to reduce the accident hazard on the streets and highways of this state.

This statement is made by Mrs. James R. Whipple, chairman of the Safety Committee of Washington township, in connection with the January campaign of the Safety Conference, which stresses the necessity of adequate brakes.

"Good brakes are a guarantee of safety," states Chief Officer Elke, "while inadequate brakes are responsible for the majority of motor traffic accidents which occur in this state. It doesn't pay to guess. Every driver, to insure his own safety and that of his family during 1932, should start in by having the brakes on his car tested. The payment of damages, or even a traffic fine, may be greatly in excess of the small cost of having the brakes fixed."

Miles per Hour	Stopping Distance
10	9.3 feet
15	20.8 feet
20	37.0 feet
25	58.0 feet
30	83.3 feet

The State Chamber of Commerce has asked the assistance of all official agencies such as the police, state motor patrol, and judiciary, to carry on a two weeks campaign of warning and education, followed by two weeks of strict enforcement. All drivers are asked by the Safety Conference to cooperate in immediately having their brakes properly adjusted.

Amador B Cagers Lose To Oakland Five Last Friday

Pleasanton Boys Drop A Very Close Battle to St. Elizabeth

Pleasanton B cagers lost a close game to the St. Elizabeth squad last Friday night at the Pleasanton gym. The score was fifteen to twelve.

The teams were evenly matched and the game was exciting from beginning to end, with neither team holding the lead for more than a few minutes at a time. The Don defense was so strong that the visitors had to resort to long shots for their scores. The fault of the Dons lay in not being able to sink their close shots.

The score at the end of the first half was five to three in favor of Amador. Francis Bottini was the star of that period, making all of Amador's points.

The remainder of the game caused many thrills for the rooters, with first one team leading and then the other. Until the last minute of play, both teams saw-sawed back and forth. A long field goal in the last second of play cinched the game for the Oakland five.

Amador Varsity Wins Over Deaf and Dumb Squad Tuesday Night

Hard Practice by Pleasanton Team Contributes To Victory

Pleasanton varsity basketball team defeated the California School for the Deaf and Dumb in a tussle at the Amador gym last Tuesday night by a score of thirty-four to fourteen.

The Don varsity has put in some good practice games during the last three weeks, and it has rounded them into good form for their league games. This fact gave them the opportunity of starting their league basketball schedule with a win.

Bill Clark and Bob Silva played in top form Tuesday. Clark and Silva were put on the bench most of the game to give the substitutes a chance to play. Miller, Don guard, was shifted to three different positions during the game and managed to score six points.

In their playing the Pleasanton men displayed a good type of basketball, which brought favorable comment from the spectators. They give promise of giving spectators some well played games throughout the season.

Bill Clark was high point man with twelve points; Silva followed

with eleven; Miller came next with six; Hanifen and Cole made two apiece; and Nerton got one.

The starting lineup for the Dons included Silva and Clark, forwards; Cole, center; and Miller and Gariboldi, guards.

plaining witnesses failed to pro-
duce sufficient evidence to bring
about a sentence of the men by
Judge Silva. The pair had been
in their own home and, appar-
ently, had not created the loud dis-
turbance with which they were
charged.

Road Work Will Help Pleasanton Unemployed

1932 HAS FOUR ELECTIONS FOR PLEASANTON CITIZENS

With four elections to take place before the end of the year, 1932 might well be called "Election Year" for the people of Pleasanton. The four elections are scheduled as follows:

School Election—to take place the last Friday in March. J. V. Periera is the only high school trustee whose term expires this year. The term of T. H. Silver, grammar school trustee, also expires this year.

Town Election—to take place the second Monday in March. The terms of Trustees Madsen, Apperson, and Orloff; Town Clerk Letham; and Treasurer Silver expire this year.

Primary Election—to take place the last Tuesday in May. Candidates for president, vice president, congressman, senator, assemblyman, state senator, and several superior judges will be chosen to run in the general election in November.

General Election—to take place the first Tuesday after the first Monday in November. From the candidates chosen at the primaries, the officers will be elected by the results of this ballot.

Crawford Letham, having been appointed registration clerk for Pleasanton Township, is urging citizens to register this year if

they wish to vote. Under the new registration law a citizen, in order to vote at the town, primary or general elections, must register this year. In addition, the voter must be registered forty days before the election, instead of thirty, as previously.

The new registration law provides for a perpetual register of voters. Once registered from now on, a voter need not register again if he votes at either a primary or general election in every even numbered year. (Elections are not held in odd numbered years.) However, if a registered voter fails to vote at either a primary or a general election in any even numbered year, he must re-register before he may vote at the next election.

In addition Letham is desirous of calling the public's attention to the fact that any American born women who have married aliens prior to 1922 and whose husbands have since become naturalized must, themselves, be naturalized before they can vote. (American born women marrying aliens since 1922 have not lost their citizenship, while those marrying prior to that time did lose their citizenship rights.)

Tuesday, February 11, will be the first day for filing nomination papers for the city elections.

Arthur Day To Direct Men

In order to better the unemployment situation in Pleasanton, ten men were put to work by the county Monday morning, according to Chief of Police Wm. T. Davis, of Pleasanton.

The men will work on the Vallecitos road under the direction of Roadmaster Arthur Day, of Sunol.

Since the heavy rains which occurred a week or two ago, a number of men have been put to work cleaning up landslides, which have covered the roads.

Slides over the Mission San Jose hill highway and the Niles Canyon road were so bad that the roads were closed to traffic for two days, and over twenty men were put to work by the county.

The Dublin Canyon road was also covered with a number of slides, which gave work to many men who had been unemployed for a time.

The Vineyard avenue road has been closed to traffic since the heavy rains because parts of the road have been washed away and other sections covered with slides. The county road crew has been so busy during the past two weeks that it was not until last week that they commenced work on the Vineyard avenue thoroughfare.

Although the rains wrought some damage to roads in the county, it brought slight relief to the unemployed and will prove a great boon to hundreds of farmers and cattlemen in this vicinity.

CATHOLIC DAUGHTERS HOLD DISTRICT MEETING

Six Courts Represented in Gathering in Odd Fellows' Hall

All the courts of the Catholic Daughters of America in district no. 2 held a district meeting at the Pleasanton Odd Fellows' hall on January 10, with an attendance of over eighty people, coming from all parts of the county.

Delegates from the six courts in the district met there to discuss the many problems arising in the units. The courts represented in the district were Court Newman; Court California, of Oakland; Court Berkeley; Court Hayward; Court Alameda; and Court St. Monica, of Pleasanton.

Mae E. Lillenthal, of Berkeley, state vice regent, presided over the meeting. One of the important features of the meeting was the presentation of fern plants to several women in appreciation of their work for the Catholic Daughters. Pauline Kolb, of Dublin, presented Mrs. Lillenthal with a fern in the name of St. Monica court. Other distinguished members who received plants were Mrs. E. R. Kearns, of Berkeley, district deputy; and Angie Paulo, regent of the Pleasanton court.

Speakers for the day were Father James Viladomat, of Pleasanton, Father Rose, of Hayward, Mae Carey, Berkeley, state secretary, Mrs. Kearns, and Mrs. Lillenthal.

At the close of the meeting, a brief program of entertainment was presented. Mrs. Caroline Bedworth and Mrs. Mae Nevils sang several numbers, and were accompanied by Miss Geraldine George at the piano.

Following the entertainment, refreshments were served.

Those serving on the refreshment committee were Mrs. Jack Silva, chairman, Elsie Andrade, Elvira Silva, Carry Bedworth, A. Francisco, M. M. Lopez, Kate Brandstetter, Kate Tehan, Nellie Reimers, Evelyn Bell, Pauline Kolb, Angie Paulo, Mrs. Rose George, and Mrs. Charles Vizzolini.

FORMER IRVINGTON BOY DIES IN OAKLAND

Charles Bez, Jr., former Irvington boy, died in Oakland last Tuesday. Mr. and Mrs. Charles Bez, his parents, are old-timer residents of Irvington. Others surviving him are his wife and a son, and two sisters, Mrs. Myrtle Richards and Mrs. Rosa Burke.

Irvington Pastor to Preach On Sermon On the Mount

The pastor is preaching a series of sermons on the Sermon on the Mount. They are based in part on the new book by Stanley Jones. The first sermon, "What the Christian Is in Himself," was an exposition of the Beatitudes. "What the Christian Is to the World" was based on Jesus' saying about Christians as Salt and Light. The sermon next Sunday on "Christian Character a Fulfillment of the Best in the Past," will deal with the Inner Life as the foundation of real religion. The following questions will be answered: "Why did Jesus class anger as murder?" lust with adultery? How are we to interpret his words about divorce? Is non-resistance practical? Why does he make forgiveness the cornerstone of religion?" The scripture is Mt. 5:17-48.

The Young People's choir has promised to make a first appearance Sunday.

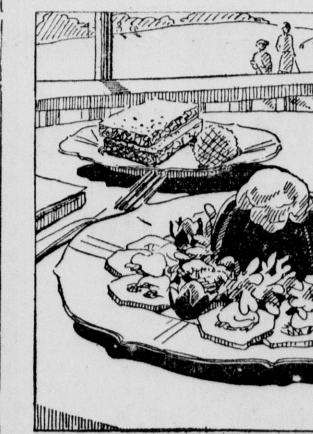

ROSES PLANTED
The firm of Jackson and Perkins, growers of roses, are planting an eighty-acre tract near Irvington with rose plants. The work has been delayed due to the heavy rains. Most of the rose stock grown by the firm is sold in the eastern markets.

DENVER, Colo.—The increase in the technicalities of the banking business in the past dozen years, was shown by a speaker before the American Institute of Banking which held its annual convention here recently when he pointed out that in 1918, when the institute last met in this city, it gave only three courses, while today it gives 10, with more subjects in preparation. At the earlier date, he said, the curriculum of the institute consisted of elementary banking, commercial and banking law, and money and banking, whereas today it consists of banking fundamentals, commercial law, negotiable instruments, standard economics, standard banking, credits, investments, trust functions, analyzing financial statements, and public speaking, while the two new subjects of bank operation and organization, and bank management are to be added.

Two-Headed Calf Born
Lynchburg, Va.—A two-headed calf from the farm of J. P. Pillow, at Naruna, Campbell county, was brought to Lynchburg recently to be mounted.

B Team Wins First League Game Tuesday By Superior Skill

Pleasanton '5' Takes Deaf and Dumb School Into Camp

Pleasanton Amador B cagers defeated the California School for the Deaf and Dumb in a well played game at the Amador high school gym, last Tuesday night by a score of nineteen to eight.

The Don cagers entered the game with the idea of winning, and shortly after a minute of play they scored two field goals, which took all the pep out of their opponents. However, the old habit of letting up too soon prevented the Dons from scoring the remainder of the half. The Don defense was so tight that the only points scored by the Berkeley team was two foul shots.

The score at the end of the half stood six to two in the Dons' favor.

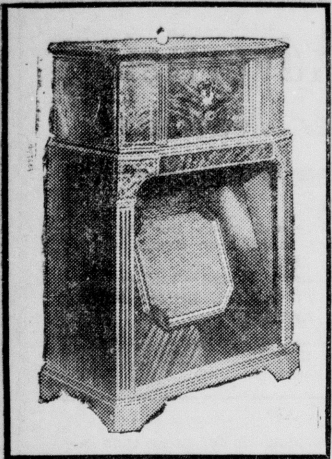

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

PLEASANTON FIVE LOSES CONTEST TO ST. ELIZABETH

Close Game Played in Amador Gym last Friday Evening

Pleasanton varsity was defeated by the St. Elizabeth high school in a hard fought game at the Amador gym on January 8. The score was thirty-three to thirty-six.

After a few minutes of play at the start of the game both teams scored and continued scoring alternately so that at the end of the half the score stood at twenty to nineteen in favor of the Oakland boys.

Both teams played faster at the start of the second half. The Don Cagers resorted to some long shots which proved disastrous. The shots failed to click, giving the visitors innumerable chances to gain possession of the ball. They cashed in on their opportunities so well that at the end of the third quarter the score stood at thirty-one to twenty-four, with Amador on the short end.

At the beginning of the last period, the Dons scored several baskets to bring the score up to thirty-three to thirty-four in favor of their opponents. Both teams battled evenly until the last two minutes of play, when Amador reverted to long shots. St. Elizabeth quickly took advantage of a break thus presented and scored another basket to end the game.

Bill Clark played a remarkable game all through the evening. He was high point man for the Dons, with seventeen points to his credit. Bob Silva came next, with seven; and Bill Cole was third, with five.

Although their long shots were flops, Coach Patterson, of Pleasanton, was pleased with the good defensive floor work of the Dons. He believes that the team is in good shape for the league games which began last week.

The lineup for the Dons follows: Clark and Silva, forwards; Miller and Gariboldi, guards; Cole, center.

Mr. and Mrs. Frank Duarte visited with Duarte's sister, Mrs. Gouvia, in Hayward, Sunday.

Mr. and Mrs. Fred Vogelsang and family, and Mr. and Mrs. Peratti spent the week-end in Niles, as guests of Mr. and Mrs. R. Peterson.
